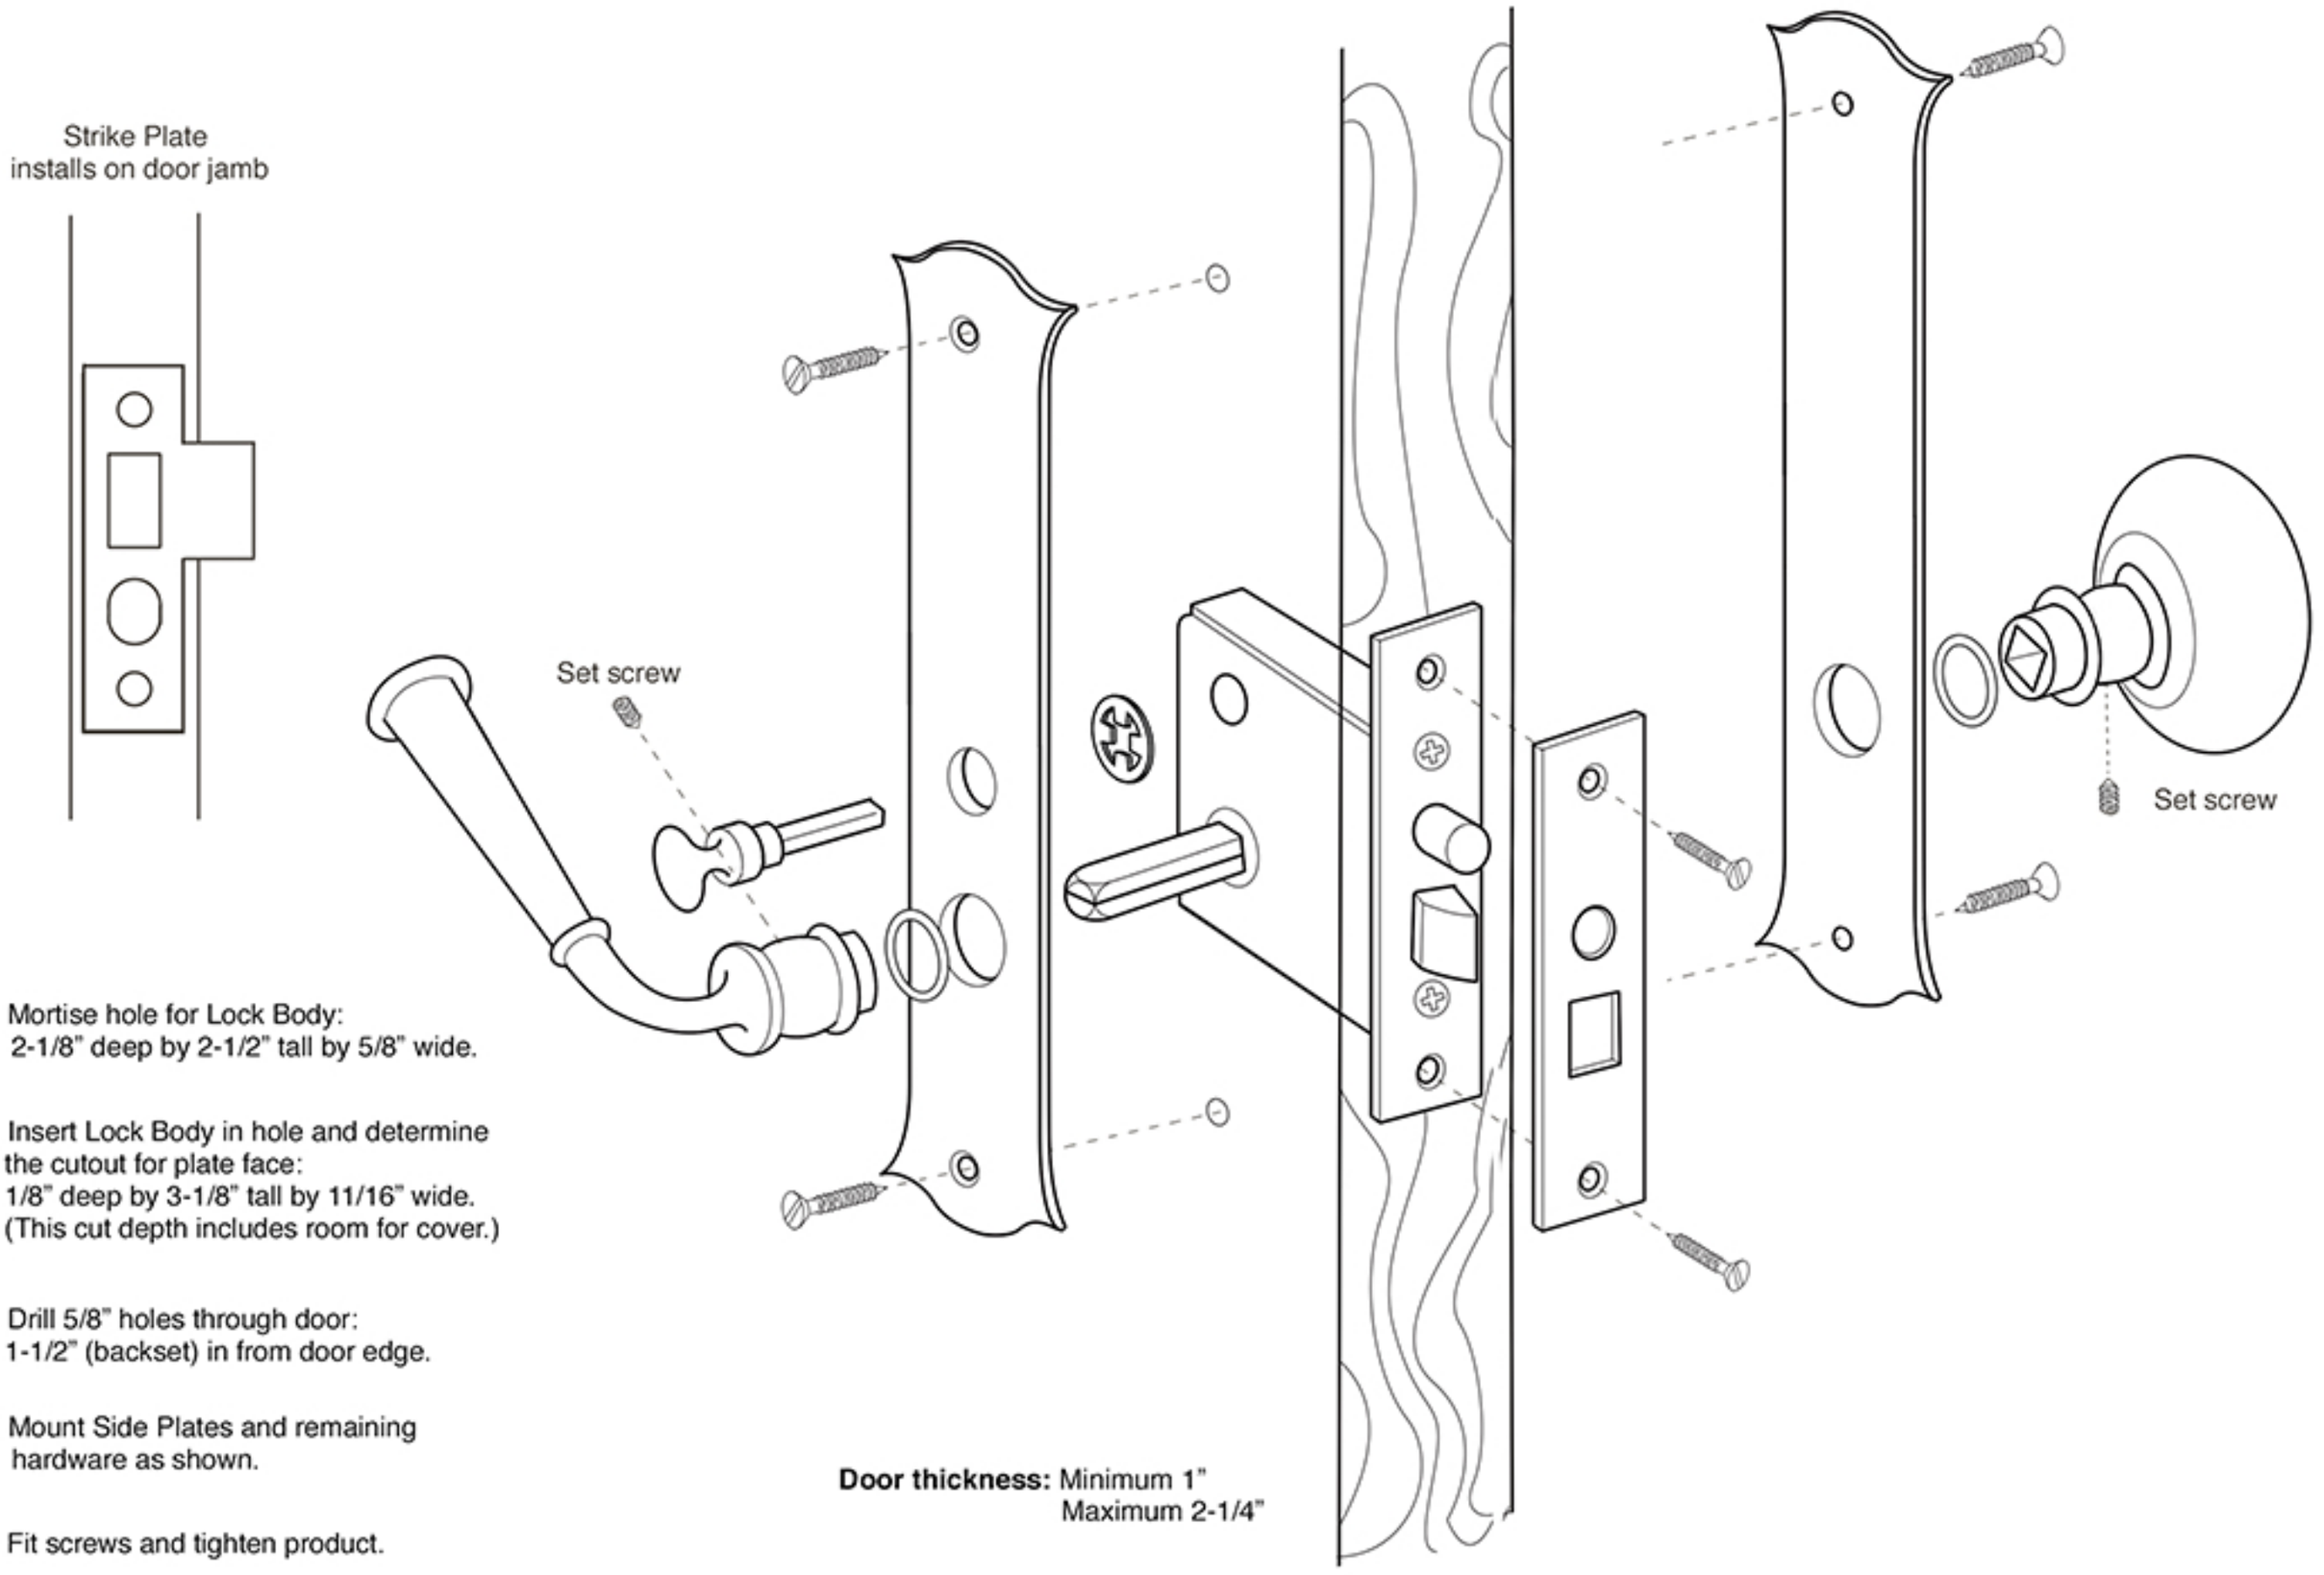
INSTRUCTIONS FOR INSTALLATION OF SCREEN DOOR LATCH
MORTISE LOCK

DELTANA



1. Mortise hole for Lock Body:
2-1/8" deep by 2-1/2" tall by 5/8" wide.

2. Insert Lock Body in hole and determine the cutout for plate face:
1/8" deep by 3-1/8" tall by 11/16" wide.
(This cut depth includes room for cover.)

3. Drill 5/8" holes through door:
1-1/2" (backset) in from door edge.

4. Mount Side Plates and remaining hardware as shown.

5. Fit screws and tighten product.

Door thickness: Minimum 1"
Maximum 2-1/4"
