

# ASSEMBLY AND INSTALLATION INSTRUCTIONS

OP25595

**WARNING: BE SURE TO SHUT OFF POWER AT THE MAIN FUSE OR CIRCUIT BREAKER BOX BEFORE INSTALLING OR SERVICING THIS FIXTURE.**

**NOTE: Before installing, consult local electrical codes for wiring and grounding requirements.**

1. Install a bulb (not included). See relamping label at socket area or packaging for maximum allowed wattage.
2. Incline the glass shade at an angle of 45 degrees for covering the bulb, then fix the glass shade to the fitter by securing the screws onto the glass notch.  
**NOTE: Don't over tighten.**
3. Screw the nipple into the coupling, then secure it with a hex nut.
4. Attach the decoration onto the nipple, then secure it with the finial.
5. Pull out the wires and grounding wire from the post. Make wire connections using the wire nuts:
  - The black wire from the fixture to the black wire from the post.
  - The white wire from the fixture to the white wire from the post.
  - The grounding wire from the fixture to the grounding wire from the post.Carefully tuck the wires back into the post.
6. Set the fixture on the post, then secure it with the set screws.
7. Turn on the power at the main fuse or circuit breaker box.
