

ASSEMBLY AND INSTALLATION INSTRUCTIONS

TB33066

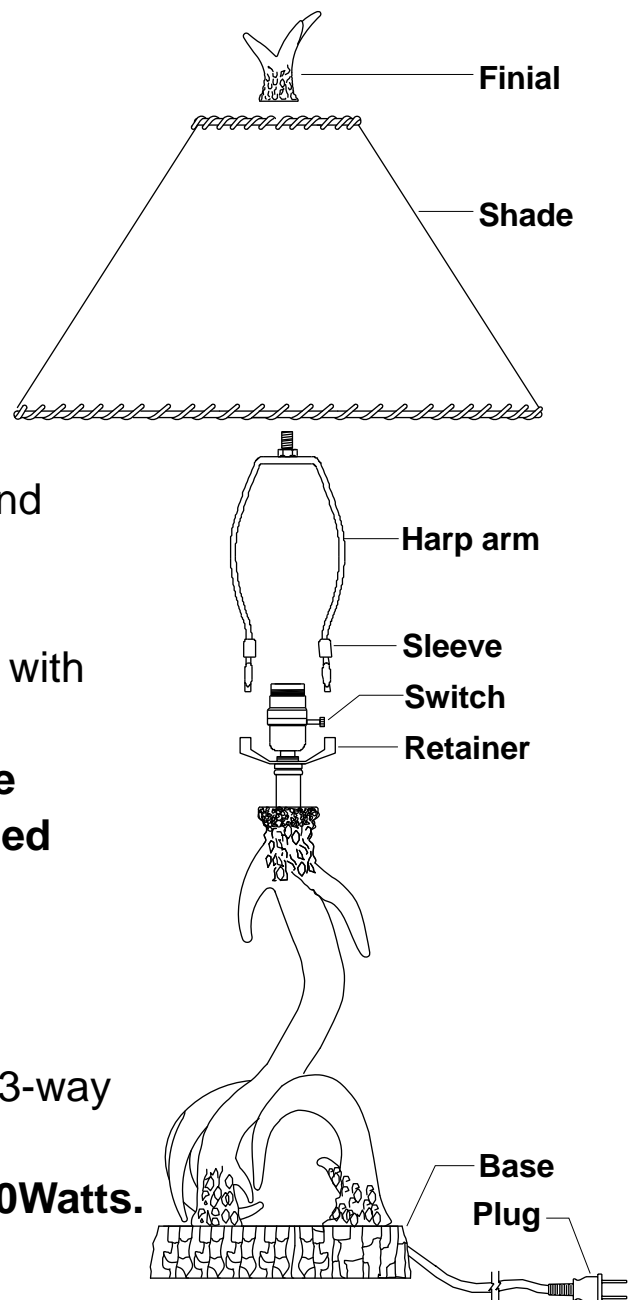

WARNING: TO AVOID RISK OF ELECTRICAL SHOCK, BE SURE TO SHUT OFF POWER WHILE INSTALLING OR SERVICING THIS FIXTURE.

NOTE: Before installing, consult local electrical codes for wiring and grounding requirements.

Installation Steps

1. Squeeze the arms of the harp together and fit them into the retainer, then lower the sleeves to fix them.
2. Attach the shade to the harp, and secure with the finial.
3. Install a bulb. **(Please do not exceed the maximum capacity that is recommended on the package.)**
4. Insert the plug to the wall receptacle.
5. Control the lamp with the switch.

NOTICE: Purchase the 3-way bulb to have 3-way switch control:
off → 50Watts → 100Watts → 150Watts.
